Professional Experience

Aug 2022 – May 2025

Web Dev & Code Coach (Front-end Developer)

CodeSpace | Remote

I coach students in proficient JavaScript (Including Frameworks) and have worked on the CodeSpace website and it's subdomains.

- Used VueJS & NuxtJS for development
- Taught web development fundamentals, React, TypeScript, and NextJS (2023 only)

Sep 2020 – May 2022

Web Apps Dev & Team Lead (Software engineer)

Life Choices | 314 Imam Haron Rd, Lansdowne

I worked as a full-stack web developer team lead in the Web Applications Department at LCStudio, a for-profit business Department at Life Choices. Developed apps mainly in the JavaScript language, VueJS was used as the frontend framework, and we did the backend with NodeJS and PostgreSQL using KnexJS.

- Used VueJS for Frontend
- Used NodeJS for the Backend
- Used Agile methodology
- Taught VueJS and PWAs

May 2019 – Oct 2019

Software Developer Intern (Full-Stack Developer)

Vulcan Labs I Bo-Kaap, 142 Buitengracht Street

I worked as a software developer intern at Vulcan Labs. I learnt and used ReactJS, TypeScript, as well as got to really understand how NodeJS works.

- Used a ReactJS frontend & NodeJS Backend
- Used Lean Software Development
